Bobath Sahara Trek
 13th-21st March 2010

The Sahara Desert stretches from the snow capped mountains of Morocco in the west, to the Red Sea coast in the east. Its landscape varies from a stony flat expanse to perfect wind blown sand dunes, broken only by the occasional oasis. The feeling of space and solitude is awesome.

With proud Berbers as our guides and a small caravan of camels to carry our supplies we will check 100 kilometres through this varied and stunning landscape
