Planning bid: The Shisha bar and restaurant in Church Lane.

## Worries over shisha bar

By Janet Maitland

**A number of residents are objecting to plans to open a restaurant and shisha bar in the old Alexandra pub at the end of Church Lane, N2.**

The plans for the building include a large extension, made up of 'canopy structures', which will back onto houses on Leopold Road. These structures, which are not fully enclosed or covered, will be used for restaurant seating and for a bar, where customers will be able to smoke tobacco in shisha or hookah pipes.

### Concerns about disturbance

Although some Leopold Road residents have no objections, others are very concerned. They are worried about noise, both from customers using the extension and from any entertainment the owner might provide, especially as the restaurant's alcohol licence may mean the premises are open during the day as well as the evening.

Residents also think tobacco smoke and smells from the kitchen will be a nuisance. And there's an issue of whether a tobacco bar should be opened so near to Martin Primary School, less than 100m away across the High Road.

"I don't object to the opening of a restaurant per se," said one Leopold Road resident, who has made a formal objection to the council. "However, I've asked the council to consider how to mitigate the potential

for disturbance by alterations to the plans and restrictions on the use of the property." Ten other people have also objected to the council.

The council informed THE ARCHER in May that a decision will be made "very soon". To view the planning application, go to <https://publicaccess.barnet.gov.uk/online-applications> and enter the planning application reference number 15/01019/FUL.

## Bike theft falls flat

**An interesting tale of lost and found reaches us from Bike & Run in the High Road. Tony Wade there tells us that one of their regular customers was unlucky enough to have his bike stolen locally.**

The thief turned out to be unlucky too because the bike got a puncture. And where did he take it to get it fixed but Bike & Run?

As soon as it came through the door, Tony recognised the bike and realised it was stolen property. He asked another member of staff to stall the repair while he contacted the true owner.

Tony tells us: "Luckily he answered his phone. When I told the lad that the bike wasn't going anywhere whilst the police made investigations he made a swift exit, without the bike!"

All of which goes to prove that shopping locally where traders know their customers really pays off... as long as you're on the straight and narrow.
